Dear Governor Cooper,
Please oppose the construction of the Atlantic Coast Pipeline. How can we as a resident of God's beautiful creation have a clear conscience to allow big business to destroy our farmlands & contaminate our waterways for financial gain. I have seen evidence of what the construction of pipelines does to farmland up to 20 years after construction. What about the safety aspect of pipelines? There are families living in houses within just a few feet of the pipeline path. Consider if you would want your family living there. I
I respectfully & humbly beg you to consider the impact of this pipeline and the people who will be impacted forever.

Respectfully,
Joan Bunn
